EDUCATION

Temple University - College of Science and Technology   *Spring 2026*

B.A.(Hons), Mathematical Economics   GPA: 3.85

- **Relevant Coursework:** Econometrics, Nonparametric Data Analysis, Programming in Python, Linear Algebra, Differential Equations, Intermediate Microeconomics, Labor Economics

- **In Progress:** Real Analysis, Probability Theory

RESEARCH EXPERIENCE

Research Fellow   Washington, D.C.

AEA Summer Training Program   May 2025 – August 2025

- Selected for a highly competitive research fellowship through the American Economic Association.

- Designed and executed an original study evaluating the causal impact of Medicaid expansion on opioid mortality, leveraging large datasets and staggered difference-in-differences methods (mentored by Shelley Harrow, U.S. Department of Health and Human Services, and Jean Baptiste Tondji, University of Texas Rio Grande Valley).

- Investigated heterogeneity in treatment effects across urban and rural areas, filling a gap in the literature on the geographic dimensions of Medicaid's impact on health outcomes.

- Completed three PhD-level courses in microeconomics, econometrics, and research methods.

Research Assistant   Philadelphia, PA

Fox School of Business, Temple University   June 2023 – January 2024

- Assisted faculty in the Marketing department with data cleaning, regression analysis, and survey design.

- Used SPSS and Qualtrix to conduct data analysis, including employing ANOVA models to identify significant findings from studies.

- Completed an independent research study, identifying critical insights on sustainable consumer behavior and framing techniques under the mentorship of Dr. Monica Wadhwa.

WORK EXPERIENCE

Mereo Capital Partners   Conshohocken, PA

Private Equity Intern   June 2024 – August 2024

- Conducted comprehensive diligence on 50+ potential transaction opportunities, analyzing business models, market positioning, and risks, which contributed to identifying high-potential targets and shaping strategic investment decisions.

LEADERSHIP AND ACTIVITIES

Temple University Department of Economics   Philadelphia, PA

Peer Instructor - Macroeconomic Principles   January 2025 – Present

- Lead and teach two weekly recitation sessions (30 students each), improving student comprehension of macroeconomic concepts.

- Collaborated with faculty to create instructional materials and interactive learning activities, enhancing student participation.

Women in Economics, Temple University Philadelphia, PA
President May 2025 – Present

- Direct strategic planning and oversee operations for a 30+ member organization, driving initiatives to advance women's representation in economics.

Director of Finance April 2024 – May 2025

Temple Consulting Club Philadelphia, PA
Consulting Training Program Director May 2025 – Present

- Selected to design and lead a peer training program that prepares undergraduate students for consulting roles through workshops, case studies, and semester-long projects.

Project Lead January 2025 – May 2025

- Led a consulting engagement with a state health system's pediatrics department to improve ER operations and patient outcomes.

- Designed data-driven strategies to reduce ER wait times, improve patient triage, and enhance provider coordination.

- Advised hospital administration and clinical staff through actionable recommendations, influencing quality-of-care initiatives.

Project Lead August 2024 – December 2024

- Led a cross-functional team to develop a data-driven strategy for a large convenience store chain and optimize product offerings based on customer behavior analysis.

- Uncovered key sales trends and developed response plans utilizing statistical models in R, including proportion testing and regression analysis.

SKILLS

Technical: Python, R, SPSS, Stata, Tableau, Qualtrics, Microsoft Office, LaTeX, GitHub, Capital IQ, FactSet

Languages: English (Fluent), Telugu (Fluent), French (Basic)
